Anthem 

KILN

Rooted in Culture. Genuinely Connected.

KILN is surrounded by local culture, independent shops, cafés, and green spaces. Transit, bike routes, and daily essentials are close at hand, in a neighbourhood with real character, urban, energetic, and distinctly local.

Natural, Inviting, & Warm

Deep soaker tub. Quartz countertops. Polished chrome. Generous storage. KILN's bathrooms are built with the same honest quality as every other room — because how you finish the day matters as much as how you start it.

Rooftop Terrace

Mountain views, city skyline, evening light that makes everything look better. Built for long summers, gatherings, and doing absolutely nothing. The neighbourhood is great. The view from above is better.

Social Lounge

The KILN social lounge adapts to how you live. Work quietly, connect with neighbours, or host when the occasion calls for it.

Pets Feel at Home Here Too

KILN is built for pet owners who don't compromise. A dedicated pet wash keeps muddy adventures from the Adanac Bikeway or Grandview Park downstairs, not on your floors. Tree-lined streets and off-leash areas outside welcome dogs and owners alike.
